

COMMERCIAL COMBINED – HOCKEY CLUBS

APPETITE GUIDE

Successful hockey clubs are built on commitment, community and making the most of shared resources. Often operating from leased or shared artificial turf facilities and managed by volunteer committees, they present a distinctive blend of property, liability and income exposures.

Jensten understands the realities of running a hockey club, from shared facilities and leased pitches to the operational demands of a volunteer-led organisation. That's why we actively welcome these risks.
